### Program 2 Test Data

Create 3 sets of test data to use to test the calculations in your completed program. A sample data set has been provided for you.

| Input data           |     |     |      |            | Expected Results |          |           |          |           |          |              |      |       |
|----------------------|-----|-----|------|------------|------------------|----------|-----------|----------|-----------|----------|--------------|------|-------|
| Name                 | Red | Car | Choc | Pickup Day | Red cost         | Car cost | Choc cost | Subtotal | Discount% | Discount | Adj Subtotal | Tax  | Total |
| Sarah Marshall       | 6   | 0   | 6    | Thursday   | 12.00            | --       | 18.00     | 30.00    | 10        | 3.00     | 27.00        | 1.96 | 28.96 |
| Ian Gowland          | 12  | 14  | 16   | Saturday   | 24.00            | 35.00    | 48.00     | 107.00   | 15        | 16.05    | 90.95        | 6.59 | 97.54 |
| Björk Guðmundsdóttir | 1   | 1   | 1    | Sunday     | 2.00             | 2.50     | 3.00      | 7.50     | --        | --       | --           | 0.54 | 8.04  |
| Charlie Chaplin      | 6   | 4   | 2    | Monday     | 12.00            | 10.00    | 6.00      | 28.00    | 10        | 2.80     | 25.20        | 1.83 | 27.03 |
| Galadriel            | 12  | 12  | 11   | Friday     | 24.00            | 30.00    | 33.00     | 87.00    | 10        | 8.70     | 78.30        | 5.68 | 83.98 |
